

LIFETIME LINE UP 2014

The Lifetime Line Up is presented annually to current or former Woodstock Little League volunteers for accomplishments that have led to extraordinary league improvements or developments that are both positive and have a lasting quality.

Any active member (parent, player, volunteer, board member, etc.) may submit nominations for this recognition. Nominees must have served as a volunteer for Woodstock Little League and have made significant contributions to the league and/or its players.

Submission materials required include a letter of nomination outlining the nominee's accomplishments. Additional letters of support are not needed, but may be included. Nomination materials should be submitted to the Director of Volunteers for Woodstock Little League.

The award is for lifetime achievement rather than for a single contribution, no matter how monumental. Nominees should have a minimum of 5 years of distinguished service. The Lifetime Achievement Award is awarded in board leadership/development, coaching, and volunteer service.

Distinction in these categories are demonstrated through: Performance of the nominee during their volunteer service, service beyond the requirements of their position, service to Woodstock Little League such as their roles held/ special projects, and development of league players.
