Playing Experience

I'm very passionate about Soccer - it is my life! I compete in games twice a week for my local Soccer clubs. I started playing Soccer when I was 6 years old, which means I have over 12 years of experience in the game. I support the Premiership team of Leicester City F.C and was at their academy for 7 years until I was released. I have been captain for both my college team and club team. I am a leader on the pitch and can motivate the team. Football is something I can talk and watch for hours! I want to make a long term career involving football.

Personal Information
