3.3 Pinto division rules

3.3.1 General rules (apply to both divisions)

- 3.3.1.1 Defensive alignment shall consist of all regular infield positions and four (4) outfielders (total of 10 defensive players), outfielders must be positioned in the outfield grass area.
- 3.3.1.2 No player shall sit defensively for a second inning until all players have sat out at least one inning.

- 3.3.1.4 Base runners shall be allowed to advance only one base on any overthrow of a batted ball, including subsequent overthrows. Advancement on an overthrow which remains in the field of play shall be at the baserunner's own risk (the runner may be thrown out). An overthrow shall be defined as a batted ball controlled by an infielder which is thrown to base where there is a possibility of an out and the ball is missed. A ball thrown from the outfield to the infield which is never controlled by an infielder is not considered an overthrow and is still a live ball.
- 3.3.1.5 No team shall score more than six (6) runs in one inning. If there are less than three outs when six runs are scored, the teams shall change sides. This does not apply in the sixth inning or extra innings. Exception: A home run over the fence shall score all runners ahead of the batter.

3.3.2 "Kid-pitch" style of play

- 3.3.2.1 No walks shall be allowed. After four (4) balls have been issued to the batter, the coach of the batting team shall throw two (2) pitches to the batter. If the batter fails to put either pitch from the coach into play, the batter shall be out. The batter may "stay alive" by fouling off the last pitched ball.
- 3.3.2.2 No balks shall be called.

3.3.2.3 Base stealing

Base stealing will be allowed. The baserunner must remain in contact with the base until the pitched ball passes the batter (no leading off). Penalty: If the baserunner leaves the base early, the runner shall be called out. In the event of an overthrow on an attempted steal, the runner may not advance. The runner at third may not steal home. If a runner at third base draws a throw from the catcher, it shall be ruled as an attempt to steal home. If successful, the player shall be sent back to third base. If the runner was ruled out on the play, however, the out shall stand. No other runners may advance and shall be in jeopardy of being put out. There shall be no dropped third strike rule.

3.3.2.4 Base runners may score from third base only on: a) a batted ball; or b) a hit batter with bases-loaded.

3.3.3 “Machine-pitch” / “Coach pitch” style of play

3.3.3.1 The batter shall receive a maximum of five (5) pitches from a pitching machine or coach-pitcher. If using a machine, it shall be operated by the manager/coach from the offensive team. No walks shall be allowed. The batter shall be out after three (3) swinging strikes or if he/she fails to put the ball into play after five (5) pitches. The batter may “stay alive” by fouling off the last pitch until the ball is either put into play or a strike is recorded. Any pitch not swung at after the fifth pitch shall be recorded as a strike.

3.3.3.2 The machine, if used, shall be located on the pitching mound directly in front of the rubber. Speed on the machine shall be set to 40 mph. The coach-pitcher must be in contact with the pitching rubber. The player in the pitcher’s position must stay behind the machine / coach-pitcher and shall keep one foot inside the pitching mound circle until the ball is put into play.

3.3.3.3 No lead-offs or base stealing shall be allowed.

3.3.3.4 The catcher must take his/her position in the “catcher’s box.”

3.3.3.5 Runners may advance one (1) base at their own peril on any “passed ball.” A “passed ball” shall be defined as any pitch that goes out of the catcher’s box chalked for that purpose. The umpire may return runners who, in his/her opinion, advanced incorrectly.

3.3.3.6 Base runners may score from third base only on a batted ball.

3.3.3.7 No defensive player shall play more than three (3) innings at the same position in any single game (does not apply during playoffs).
