

Team Participation Incentive Program to earn Team Medals - Spring

You will need to Sign up at <http://ayso47.azteca.net/login.php>

Purpose

The purpose of the Spring Team Participation Incentive Program is to encourage participation among parents and other adults in our region. AYSO Region 47 is an all-volunteer organization which works because thousands of adults “do their part” each year to help our soccer program and your child. The Team Participation Incentive Program is one small way of thanking those who contribute to a successful season.

While we appreciate all volunteer efforts, the participation of adults is the core foundation of a strong AYSO program. Therefore, this Team Participation Incentive Program is specifically focused on participation by adults. Youth may also earn school Community Service hours.

U6 through U19 teams

Those teams who have accumulated a minimum number of points by the end of the Spring season will be awarded medals for all players, plus 3 extra medals. The kids will love these colorful, shiny medals and ribbons!

Teams get 1 point per hour worked, either volunteering or refereeing.

Minimum points needed to receive metals by age.

U06: 16 pts

U08: 18 pts

U10: 18 pts

U12: 24 pts

U14: 28 pts

U16/19: 28 pts

HOW ARE THE POINTS ALLOCATED?

Referee points:

All teams have the opportunity to recruit parents or other adults to become referees.

No participation points will be given for assistant referees in U8 matches. No participation points will be given for any assignments performed while not in a referee uniform or region provided referee shirt regardless of referee certification. There is no separate maximum for refereeing games. A referee can only designate this 1 point for one team in a single game.

Participation Point will be available for any certified referee who attends, completes, and is certified in ANY continuing education for referees including: Assessor, Instructor, Intermediate, Advanced or National Referee Course.

Each **trained and uniformed** referee or assistant referee in U8 or higher matches will earn 1 Participation Point per game for their team. There is no separate maximum for refereeing games. A referee can only designate this 1 point for one team in a single game.

Refereeing points are determined from the completed game cards collected after each game. Be legible, be complete, be accurate and be prompt in turning in the game card at the Referee Station shortly after the match!

Snack Bar/Field Duty - Teams/Individual Volunteers will self schedule volunteer hours. It is requested to provide 4 adults to assist in these key areas. If all four team representatives complete the entire scheduled shift, the team will receive a total eight (8) Participation Points. If three people complete the entire scheduled shift, 6 points will be awarded. If two people complete the entire scheduled shift, 4 points will be awarded. If one person completes the entire scheduled shift, 2 points will be awarded. If the team is a no show, the team receives zero points. To receive credit, the team volunteers must sign in and out on the log provided.

AYSO Team Volunteer Sign Up Instructions:

You will need to register in the system if you have not set up an account previously. Once you set up your account, you will be able to view schedules, volunteer points, referee points as well as sign up for volunteer duty such as assigning yourself for the slots that fit your busy schedule, while having the opportunity to support your child and their team.
