

Hook Park Soccer Fields Fall 2015

The field numbers have changed since the schedules were posted.

Field 1A is now Field 1 for U10 games

Field 1B is now Field 5D for U6 games

Because we have 4 fields together in one area we are asking everyone playing on 5A, 5B, 5C, and 5D to sit to the left of the center line (left of the line when looking at the field) on their side of the field. This allows for all fields to have room for spectators and assistant referees.

Teams and spectators are to sit on opposite sides of the fields for all ages including U6 and U8. Home teams sit on the North or West side of the field. Away teams sit on the South or East side of the field. On the schedule, the Home team is listed first. No one is allowed to sit behind the goals at any time.

Hook Park is located at the intersection of Hook Blvd and Arlette Rd or at the intersection of Joshua St and Arlette Rd. For most fields, the parking lot is located along Joshua St. For Field 6, the parking lot is located along Hook Blvd.
