

U16 & U19 Teams play an "accelerated" season with one or two games a week that concludes before the CIF season begins. The 2nd, 3rd, and 4th weekends of August are played in a "mini-tournament" format where the teams play at one site (Hesperia on the 2nd and 3rd weekends, and Lancaster on the 3rd weekend). These games are played in 60 minute timeframes instead of the standard 90 min for these age divisions.

After the "mini-tournaments" are played in August, these divisions play locally in Hesperia, Victorville, and Phelan AYSO team competition with standard FIFA Laws of the Game.

The last two weekends of October are the Area 10D Playoff Tournament in Lancaster. These games are abbreviated at 60 minutes with the winner moving into the finals for the championship.

Players who are supposed to play in U14 division due to their age, must move up to U16 division if they intend to try out for their High School soccer teams. The reason for this is that CIF rules under which all of our local high schools play do not allow high school players to participate in AYSO or any other organized programs during the CIF season. This used to result in U14 division 9th graders leaving the program in December, thereby unbalancing the teams in the middle of the playoffs and leaving them short of players.
