

## Baseball and Softball Clinic – Sunday, April 22<sup>nd</sup>

If you were unable to attend the ABA (Albuquerque Baseball Academy) Baseball and Softball camps over Spring Break - they are coming back on April 22<sup>nd</sup>. We had a good turn out last week but many people were out of town and asked if we could have the camps again. So, ABA has agreed to come back again!

ABA has an amazing program. Last week's baseball camp was taught by a former pro pitcher and Alex Bregman's personal hitting coach.

The softball camp was taught by the NCAA record holder for most wins in a season and 2X USA Collegiate Pitcher of the Week who won the collegiate national Championship with the University of Oklahoma in 2014

These are opportunities for our kids to learn from some of the best.
