new experience and got to watch high level HS soccer at the same time.

U6 Instructional Ravens

U10G Travel Mayhem

From Coach Chuck

BALL KIDS are individuals, who are positioned around the field in order to retrieve and supply balls for players during a soccer match. Although they aren't required, their activities help to speed up play by reducing the amount of idle time waiting for someone to retrieve the ball. Well...for the first time ever, a PSC Travel team (hint the Mayhem) were Ball Kids for the Piscataway HS Varsity Girls Soccer! Not once, but twice! The girls had a great

U8 Instructional Sharks

In an attempt to get the girls program moving, the PSC has formed an all girls team, the Gazelles, coached by Wendy Wiebalk, for which she says they Rock and is excited to have the team. Wendy penned the following:

PSC is excited to present a pilot program intended to encourage more girls to play soccer, and to keep playing. The Gazelles are an all-girl team formed of U7 and U8 players which will compete with other U7 teams. So far, the feedback has been very positive. The Gazelles present an opportunity for girls to play with each other, and we are hopeful that this will increase the enthusiasm and commitment of more girls to the game.

It's Shark Time

Hot off the press! Breaking News! The Sharks are swarming, and ready to play. They are eager to meet, greet and devour their prey. But hold up. If you see one of our Sharks, please don't run, we are a team comprised of the most amazing young group of kids that just want to have fun.

The Sharks ended their spring season with an 8-1-1 record, and are eager to score. Ready to show the world their new soccer moves for sure. So let me give you a little history of who makes up this team, and helps our super stars play with such great

esteem.

The Sharks over the past two years have been learning from the Best ever; Coach Juan, who has created such a positive dynamic cast that is built to last. Our team is extremely fortunate to have the most caring, supportive, generous, dedicated, parents ever. We believe that teamwork makes the dream work, and we are a team both on and off the field. We have attended birthdays, cookouts, a baby shower, and have simply engaged in uncontrollable laughter together. We are not just a team, we are an extended family.

Our goal for the fall season is to continue to enhance our game strategy, develop the individual strengths of each player, strive to work on each player's weaknesses, celebrate our wins, embrace and learn from our losses, believe and support one another, and continue to enjoy the game of soccer.

"A coach is like a teacher, teaching many skills, not only about the game he plays, but about the way life is. A coach is like a doctor, he has to find what's wrong. He has to make it better so the team can move along. A coach will help you deal with loss, and teach you how to win. He'll take the team that once was boys and girls and turn them into amazing you men and women".—Unknown
