Springfield Soccer Club & Missouri Elite FC announces an innovative collaboration for their U14 Girls.

SSC and ELITE are both excited to announce that we will be forming a partnership to enhance our U14 Girls programs. This collaborative was created to provide girls in Southwest Missouri the same opportunity to compete and showcase their skills, as players living in larger regional markets like St. Louis, Kansas City, Little Rock and Tulsa. This partnership will provide opportunities for higher levels of competition, through Midwest Regional League (MRL) and National level Tournaments, while combining the strength of training and overall player development platforms of both organizations. While they have always worked well together, this collaboration signals a renewed commitment between Missouri Elite and Springfield Soccer Club, to work together to provide the optimal environment for female players in Southwest Missouri!

This great opportunity is open to ALL girls in the SW Missouri area, who will be U14 in the fall season, (born between Aug 1, 1999-July 31, 2000). You do not need to be a current SSC or Missouri Elite player to be a part of this exciting new program!

Lindsay Paulsell, Missouri Elite Director of Coaching, says *“We are embarking on a new path of success for girls’ soccer in SW Missouri with this partnership. We are excited to be part of an innovative program that puts girls in a place to shine on a larger stage and have the opportunity to bring state and regional honors back to Springfield. Both ELITE and SSC recognize that there is an immense amount of untapped talent in SW Missouri and the opportunity that this partnership provides will only enhance the growth of girls’ soccer in our area.”*

Eric Sorlie, SSC Director of Soccer Operations, says *“this is a huge milestone being accomplished for girls’ soccer in SW Missouri and we are looking forward to working with Missouri Elite to build a great program at this age level, and potentially more age groups. I am excited about the opportunity for success for the girls and I believe this will be another step in building a great relationship between the two clubs, and forging a path for even greater girls’ soccer development in the area.”*

For tryout specifics, or for more information about this great opportunity, please checkout the club websites (listed above) or contact:
