The requirement may be met by completing the online mandated reporter training provided by the Office of Child Abuse Prevention in the State Department of Social Services. A "regular volunteer" means a volunteer with the youth service organization who is 18 years of age or older and who has direct contact with, or supervision of, children for more than 16 hours per month or 32 hours per year.

This requirement can be met by completing the two hour training provided here:

Volunteers will need to complete this training annually (beginning in January). If a volunteer does not participate in the Spring season, they will need to complete the training for the Fall Season.

2. Background Check via Live Scan:

Assembly Bill 506 Chapter 2.9 Youth Service Organizations,

18975 (b) An administrator, employee, or regular volunteer of a youth service organization shall undergo a background check pursuant to Section of 11105.3 of the Penal Code to identify and exclude any persons with a history of child abuse.

A background check via fingerprinting:

We have submitted our application packet to the Department of Justice and we are awaiting authorization to begin fingerprint scans of our volunteers via Live Scan locations. Fingerprint scans are not transferable between organizations. You must provide our organization code when you submit your Live Scan application, or we will not be able to verify your eligibility. As soon as we receive that information we will provide it. Live Scans will only need to be done once, however, if a volunteer does not participate in our league for two consecutive seasons, a new fingerprint scan via live scan will be required.

3. PONY required background check

Senate Bill 534 - Safe Sports Authorization Act

This background check is completed through JDP services (id search, JDP national criminal search, and national sex offender search). Volunteers will receive an email link from JDP to directly submit his/her personal information for review. JDP background checks will be completed every year.
