

NORTHWEST LITTLE LEAGUE PLAYER RELEASE FORM

This form must be completed and submitted to the Player Agent prior to the draft proceedings. Once approved by the league drafting board, your player will be placed back into the pool of players to be drafted this coming season. Limitations in volunteers and the number of teams to be drafted may not guarantee that your player will be drafted to another team. In situations where only one (1) team exists in a division or only one (1) Coach volunteers NWLL will be unable to honor the request to place the player on an alternate team. Eligible player may attempt to play up to the next level as an alternate solution in these cases. NWLL cannot guarantee that a player will be drafted to the higher level simply by trying out.

I request release from the following team for which I played the previous year.
