

VOLUNTEER BACKGROUND CHECKS

LVLL recognizes the need to provide a safe environment for our children by eliminating the participation of all child predators. All Board Members, Managers, Coaches, Umpires, Team Mom and other individuals expected to work with any youth participants (referred to as a League Volunteer), are required to submit a current year Little League Volunteer Application & Background Check Form. In addition, League Volunteers must submit a government issued photo identification card (i.e. driver's license, etc.) to aid in ID verification. These items must be re-submitted each year. Prior records cannot be used in subsequent years. Any person who refuses to complete volunteer application including social security #, photo ID and signature is not allowed to join, participate, or associate with LVLL players or youth in any way. It is the responsibility of the Safety Officer to ensure background checks are ran each year for all League Volunteers using a Little League recommended service. Our League is utilizing JDP Background Screening for all background checks. **Instead of completing the application form, please contact the League Safety Officer and provide your full name, email address and a copy of a photo identification card. A link will then be provided for you to enter your information directly into the JDP System for processing.**
