

OUR MISSION:

The Thomas Jefferson Youth Football Program was established to provide the youth of the area with a positive and safe football experience. The hope is for young athletes to gain experience in individual skills, physical fitness, competitive spirit, and the ability to contribute as a part of a team sport. It is important that parents demonstrate good relations with their child, coach and organization. A TJ Youth Football player learns the concepts of hard work and dedication, focus and accountability, teamwork and merit, safety, and fun.
