

General Information

All payments must be made through Great Lakes Scrip Center's PrestoPay feature. **The PrestoPay registration process is a multi-step process that takes 2-3 days to complete, so be sure to have your participants get registered and set up very soon.**

PrestoPay setup must be fully completed before placing an order. If the PrestoPay option is not available to them at the time they are placing their order, they need to cancel out and wait. Any orders placed before PrestoPay setup is complete will be cancelled as there is no way to change the payment type after the order is placed.

All orders will need to be placed online at www.shopwithscrip.com. All payments must be made through Great Lakes Scrip Center's PrestoPay feature. The PrestoPay registration process is a multi-step process that takes 2-3 days to complete, so be sure to have your participants get registered and set up very soon.

Details on the registration process can be found below.

Your team members may ask others to help support their player by participating in the Scrip program. They can provide the registration process information from below to those people and have them register their own account and place their own orders. Be sure to have them put their player's team and name in the Classroom/Teacher and Student field as listed in Step 1 below.

Any non-sufficient funds fees incurred will be directly charged back to you. In the unlikely event that this occurs, the scrip volunteer coordinator reserves the right to deactivate that account.

Registration Information

Step 1: Registration

Go to www.shopwithscrip.com and register your account. You will need the following information to complete the registration process.

Organization Name: Broomfield Blast Soccer Club

Enrollment Code: 73B9D96B26975

After you complete the registration, please edit your 'profile' information and add your team name and player's name to the Classroom and Student fields. This will allow orders to be organized as there will be multiple teams participating.

Example:

Classroom/Teacher: Blast 03G Magista

Student: Jane Doe

Step 2: Setting up PrestoPay

To register for this, you will need to log into your ShopWithScrip account created in step 1 and click the PrestoPay link on the left-hand side of the screen. There are a couple of videos there that describe how this works. You will need to follow the instructions on the subsequent pages to begin the process. The complete process takes a couple of days to finish, so be sure to do this soon after you register.

Step 3: Ordering

Orders can be placed at your convenience. Simply log into your account and start shopping. Add products to your shopping cart and check out when you are done. You will be given a total face value amount (plus \$0.15 for PrestoPay) which will be deducted from your bank account when the order is placed. A monthly email will be sent indicating the order deadline. Orders can be submitted any time during the month up to the deadline. The monthly deadline is 5PM on the second Monday of the month. Physical cards are usually ready for pickup at the BSC office Friday of that week. ScripNow! and reloadable card orders can be placed and redeemed at any time.

Step 4: Delivery

There will be approximately a 3-4 day delay between the order deadline (see above) and the receipt of the scrip cards. Orders will be processed and shipped via FedEx standard overnight delivery. Delivery costs will be shared by all participants in the program each month.

Step 5: Use of Rebate \$\$

The rebate amount will be credited to your BSC player fees or camp fees through Blue Sombrero each month. Detailed scrip order history and rebate reports are available via your ShopWithScrip.com account.

BSC Scrip is run by volunteers. They can be reached at bsc.scrip@gmail.com for all scrip email inquiries.
