League Name

Henderson Little League
Our league boundaries include all of zip codes 89002 and 89015, all of 89011 that is east of Gibson and Broadbent and the portion of 89012 that is east of Gibson Rd.

Signage

Signage reminding individuals of established protocols, social distancing of 6 feet, the requirement to wear a face mask and to maintain proper hygiene will be posted at each field location in cooperation with the City of Henderson,

Capacity and Map

Venue Size

All games and practices will be held at Morrell Park located at 500 Harris St, Henderson, NV 89015. Morrell Park is a 17 acre outdoor venue with 4 ball fields. At any given time Henderson Little League would be using 1-4 of the fields.

Number of Attendees

One game will be played on each field Monday-Thursday. At any one time each Field will have approx 50-100 attendees but will not exceed the 250 maximum.

By only having 1 game each night on each field it will limit the total of number of attendees at each field.

Once the maximum number of attendees has been reached a League Official will declare the venue full and no additional attendees will be allowed.

A map of the park is attached

Arrival and Exiting

Times of Games

There will only be 1 game played on each field therefore there won't be the need to space games out by 30 mins. If the need arises due to limit availability of the Fields the end and start times of the game will allow for a 30 minute gap.

Players and Coaches will be asked to not arrive more than 15 minutes before their scheduled game if there is a game before theirs.

Post game huddles and team discussions will be limited to brief instructions about the next game or practice and all individuals will be asked to leave the field area within 15 minutes of the game ending.

Any player that arrives more than 15 minutes before their scheduled game will be asked to wait in the vehicle until which time that the previous teams have left the field.

Sanitation Schedule Cleaning and Disinfection

Areas to be Cleaned

Any shared equipment will be sanitized between uses and upon completion of the game.

Restrooms **will be cleaned every 90 minutes throughout the day**

Henderson Little League does not operate a concession stand

Equipment Sanitizing

The Team Manager will be responsible for separating and disinfecting his or her own equipment between games.

Each team will be supplied with a Clorox Bleach solution to use for disinfecting Shared equipment and surfaces

The contact time for this product is 10 mins. With no game immediately after another there will be ample contact time

Parents and coaches will be instructed to wash jerseys and practice cloths after each game or practice

Team Managers and League Officials will ensure that all surfaces are disinfected and that all trash and debris are picked up.

Balls used during practice will be rotated every 30 mins and disinfected before the next practice.

Balls and any other equipment that needs to be sanitized will be removed from the field of play and placed in a designated area

During games each team will use their own game ball to avoid cross contamination between teams

Personal Hygiene

Hygiene

Flyer will be emailed and posted on Facebook reminding participants to practice good hygiene habits

Hand Sanitizer

Each team will be supplied with the appropriate hand sanitizer. Participants will be required to use hand sanitizer before entering the field of play

The league will supply any necessary supplies to each team and will provide additional supplies as needed

Hand sanitizer will be located at all dugout locations

Use of Face Coverings and PPE

It will be the responsibility of the league to ensure that managers, coaches and staff are trained in the proper way to wear a mask. It will be the responsibility of the Team Manager to make sure spectators and players are wearing their masks when needed and that they are being worn properly.

League Officials will be responsible for enforcing the mask requirement if needed

Masks are required at all times by every one in the park (Staff, players, spectators) except for players actively participating in the game. This means on the field with glove on or bat in hand.

Players are required to wear masks when they are on the bench/dugout

Signage reminding attendees that face masks are required will be displayed at the entrances and at each field location.

Staff will be given gloves and masks to be used during sanitization

The League does have enough PPE to distribute to each team

Social Distancing

Reminders will be sent to all participants prior to and during the event to social distance. The league will ensure that the times of games do not overlap and that at least 30 mins is allowed between games to ensure social distancing.

During baseball games the natural position of the players allows for social distancing.

We will not be using umpires behind the plate to eliminate the crowding of a batter, catcher and umpire

Players will be required to wear a mask and maintain 6 feet of distance during any verbal group instruction

Coaches and Managers will be given a designated area down each foul line to use for times they are not practicing/playing

Due to the fact only 1 game will be played on each field each night the number of spectators will not exceed the maximum

There will be no after game high fives or other contact.

Players will be reminded that they are not to travel with any persons outside of their

household

Players and spectators will not be sharing any indoor space as all of our events will be held outdoors

Team Managers and League Officials will be responsible for enforcing social distancing

Benches will be marked with 6 foot spacing. If the bench does not allow for the full team then additional chairs will be set up outside the dugout area

Shared Equipment

Most players have their own equipment. If needed a team may provide a batting helmet that would be disinfected after each use and game. Catchers equipment should only be used by one player. Additional sets of catchers gear can be distributed upon request.

Parents will be asked to disinfect their players equipment between games

Players equipment bags will be spaced 6 feet apart in order to maintain social distancing.

The League will ban any food from being on the field of play as well as requiring each player to bring their own water bottle clearly marked with their name. There will also not be any team snacks allowed.

The eating and spitting of seeds will be banned

Health Screenings, Isolation and Testing

The League will require each adult coach and manager to have a COVID-19 test and email the results to the league

Henderson Little League rents the fields from the City of Henderson. Verification of the test results will be provided to the COH if requested

Each Team will designate a specific person to take each player, manager and coaches temperature before they enter the field of play

Each Team will designate a specific person to collect the health survey screenings

Any individual that does not pass the screening requirements will be asked to leave the event. A staff member will help them exit safely without interacting with other people

Any individual that has COVID like symptoms while on site will be asked to leave the

Event. A staff member will help them exit safely without interacting with other people. That individual will be encouraged to contact their medical professional.

Employee/Staff Training & Enforcement

A training meeting will be held to train staff on cleaning, sanitizing and disinfecting

No corrosive or flammable chemicals will be used

A training meeting will be held to train staff on face coverings and PPE

Each game will have at least 2 managers and 1 league official at each game

Any player, attendee, coach. Manager or staff member that does not comply will be asked to leave the event and not return until they have agreed to comply going forward
