Reason for request:

1. I/we understand that our player is not allowed to participate in tryouts, practice or games until this waiver is approved by the charter committee.
2. I/we understand that 99% of the red shirt waivers come back allowing regular season play only for the first year, and tournament play the following year.
3. I/we understand that if our player is approved under the red shirt waiver any break in service will vacate the waiver. Once a player receives a red shirt waiver, they must have continuous service in the league. Skipping/missing or quitting mid-season will vacate the red shirt waiver.
