##### **a) BCYFL Report**

League meeting was yesterday. We're now in week 6 & discussing playoffs. Twerps will start week 7, top two get bye week. Termites will start with top two in a bye, other teams will play. MM will go to week 7, top 4 make playoffs.

##### **b) Organizational Report**

Our teams just came off Aliquippa game. Very proud of both teams. We came up short but the effort was there, they played tough. Termites are in good shape & will make playoffs. Mighty Mites games 2 & 3 were a fight. Brighton Twp game this Saturday, Hopewell Sunday. Hopefully we'll win and get into playoffs. Starting to wind down the season. Termites all teams make it to playoffs. Mighty Mites, only top 4 make playoffs. All championship games are 11/7.

Erica Shildt – decision on Quip? (fight after Mighty Mite game)  
No, BCYFL Executive Board trying to gather info. One of our Mighty Mite coaches is a police officer & was in attendance. Will gather info and decide what to do moving forward. Nothing has been decided so far.

Concerns at Hopewell? – It's one family that has all people infected. BCYFL COVID plan is very strict. No ties to football. Planning to play them.

Leslie Russell – Termites have had a couple parents concerned. If we're going to still play, no one has said they won't play but we could be put in that situation.

Every family has to do what's in the best interest of their families. The family with COVID's last day was the October 8<sup>th</sup>. Would normally show symptoms within 7 days of exposure. We will reach out to Hopewell on Thursday to see if they've had any changes and get a status update. If there is any risk or anything questionable, we want everyone to know and be aware. Their guidelines are on the strict side.

Tim Hill – just to reassure the Termite parents. The league is taking major precautions. We had discussions regarding secondary & third level exposure. Ellwood City & Riverside – all 3 levels quarantined by the league.

## **7. Pandemic Report**

Not much to report. We made updates which were sent out to the organization. Going well at practices and games. Parents following guidelines for games and practices. Home games went very well. No issues with numbers or mask wearing. Well done!

Accepted by Tricia Cantito & Matt Ambrose

## **IV. Open Issues**

None

## **V. New Business**

Erica Shildt – Organization decided not to do a program this year. Erica was told she could do it on her own. Emailed Amber about an hour ago. Put it's not a CVLW thing, being done as a separate service by Erica. All she needs is to get the word out. Is there any reason it couldn't be posted on Facebook/mailed by organization? Would give all seniors a free full page add. If they want to place additional ad or other Mighty Mite & Termite, \$5. Programs would be \$10/each.

Board approves.
