##### **a) BCYFL Report**

Jeff - Met on March 9. Doesn't know how bylaws will be affected by Coronavirus. Could get pushed back. Voted Ambridge back into the league. Ambridge is under different leadership. There are currently 12 teams in league. New Castle wants to come back in (not a lot of support). Cornell & QV want to join BCYFL. League wants teams to come in as 2s to avoid scheduling issues. Brighton Twp had a few proposals. Proposed having 4 officials at all levels. Would cost us an extra \$170 for the day by adding 4<sup>th</sup> official. BCYFL is increasing dues because of their balance. We currently pay \$200 for league dues. Increase would have us pay \$500 for league dues. Increase has a lot of support. BT wants to charge gate or parking fees, claim they do it all the time. They always propose it but it get shot down. Freedom proposal -- if a team is on probation, you can get kicked out by cheating, physical altercations, etc, but also if you win games by more than 50 points.

Tim – revamping code of conduct policy. Proposal - Riverside minimum requirements having taped off sidelines. Trying to enact social media policy. Any carded member of the league (cheer sponsor, coach etc) will face ramifications if they are negative on social media.
