Have reached out to school to see if we can sell anything at home games. Waiting to hear back from them. Hoping to sell at least pre-packaged food to turn any kind of profit.

## **7. Pandemic Report**

We have some new things to highlight in our pandemic plan. Will be written, communicated and also posted on CVLW website. It's important to make sure all parents, kids, siblings, grandparents, etc have a ticket from the team mom to get into the game. The amount of tickets will vary by the week, check with the team mom. Please abide by that policy. We know not every organization is following the same guidelines but we are abiding by the Central Valley school district's rules. Make sure you're following our guidelines regardless of where we're playing. Won't need doctor note for above 100.4 temp. Just monitor them to make sure temp goes down before coming back. Cannot come to practice or game while waiting for COVID test result. Will need to keep a copy of the results & you can have it back at end of the season.
