##### **a) BCYFL Report**

Every week, the league has a meeting on Sunday night to discuss the weekend games. Let them know our during our Twerp game, we played 8 minute quarters, didn't catch it. Supposed to be 10. Talked to New Castle guy who runs it. Thought that's what we did. Let league president know. A lot of complaints about officials every week. Mitch – should start punishing coaches. New Castle seemed like they wanted to move game quick. Issue at Mighty Mite game with stick holders. Issues with New Castle on all levels, not parents/fans. Issues with paramedic also.

##### **b) Organizational Report**

Termites won at New Castle, Twerps & Mighty Mites fell short. Back home this weekend. Wednesday (10/6), Mighty Mites will play Moon under the lights at 6:30pm. we don't get volunteers. Allison can help with Mighty Mite game.

Three kids quarantining due to parents being positive. Kids are not symptomatic. One at Termite football level. Other at Twerp cheer & Mighty Mite football.
