4. Open Issues

a. Clearances – anything outstanding?

- Did reach out to Dave Thompson. Rochelle has no clue where they are. Get started on getting clearances from everyone. Hopefully they saved them. Make copies before we give them to BCYFL.

b. Insurance – any changes/final amount info? Kayla called them. Did give the receptionist the number. Was told that it was based on our numbers. Does it balance out. Heard from 2 different organizations it caps at 36 kids.

c. Volunteer hours – Leslie is crunching numbers to see how many slots we will have vs how many families – more to come soon

d. Still need list of coaches for game day squads, and anyone added to competition. Will need to get clearances those coaches.

Accepted by: Thomas Howard and Jaycen McKenzie

5. New Business

a. Spirit wear proposal by Claire Young- not moving forward with that.

b. Other –

- Jaycen. Him and Mark Lyons have been talking about cameras to record games. Mark sent him a link for 2 cameras. One is \$1500 and one is \$2500. It's the ones they have at the high school. Not a live stream. Aerial view easier to see. Not a capital, but that needs to go to an executive board. Leslie- should wait until sprinklers are tested. Make sure no major issues there. Then if there isn't maybe a better chance of considering something like that. Either way needs to go to an executive vote. Breanne the only other thing would be is it within your football budget that would cover that cost. If you could do it in your budget. Still something the

executive board would have to vote on. Leslie- there is a football equipment budget, but not a football budget. Trish- that would be helmets, pads, ect. Leslie- so the cameras would be a capital item. We would need to see where we are in football equipment budget first too.

- Was there also white boards ordered. Breanne- yes. Jaycen ordered those for football. Were those for football? Was it over \$100, didn't go to the board for approval. Breanne assumed it was for football equipment. What are the white boards being used for. Used for drawing plays. 2 ordered at \$300+ a piece. We didn't know that they were ordered. Assuming that they came out of the football equipment budget.

- Slogan- Do we do it now then, get it to Mike and get them done. Trisha- Open now and give till July 7th. Leaving voting open for the week during Mandatory. Maybe something here at practice to see something and vote.

- When are we doing pictures this year. Photography by James. August 1-2. With the number that we will have to be strategic. Checking into other places to have it. 30-40 minutes per squad.

Accepted by: Jessica Rapisardi and Allison McKenzie.
